SEEDPOP! PROGRAMME SCHEDULE OPTIONS

These two schedule options are designed to help you fit SeedPop! around your class timetable. **Please choose Option 1 or Option 2** and follow the experiment setup and measurement days shown.

Important: The experiment dates are the fixed part of the schedule. The gaps between setting up the experiment and taking each measurement are important, **so please do not move these activities to different days.**

Sessions 1, 2, 4-1 and 4-2 are more flexible and can be delivered at any suitable time during the weeks shown. Please agree the date and time of your scientist visit with the SeedPop! team in advance.

Option 1

	Mon	Tue	Wed	Thr	Fri
Week 1	← Deliver Sessions 1 & 2 →				Set Up the Experiment!
Week 2	1st Measurement			2nd Measurement	3rd Measurement
Week 3	← Deliver Sessions 4-1 & 4-2 →				
Week 4	← Scientist visit (Session 5) →				

Option 2

	Mon	Tue	Wed	Thr	Fri
Week 1	← Deliver Sessions 1 & 2 →				
Week 2		Set Up the Experiment!			1st Measurement
Week 3	2nd Measurement	3rd Measurement	← Deliver Sessions 4-1 & 4-2 →		
Week 4	← Scientist visit (Session 5) →				

Note: Need a little more time? Sessions 4-1 and 4-2 can also be delivered during Week 4. Just make sure both sessions are completed **before** the scientist visit.
